This certificate has been edited by an EDP-system and does not need to be signed.

Please note that in the course of our name change, some of our product names will have to be adjusted, too. For an interim period, you may receive a product labelled as 'Sasolwax xxxx' as well as as 'Hywax xxxx' in one delivery. The product names are equivalent and it is the same product in any case. Should you have questions, please contact your Sales Manager at Hywax GmbH.

The certificate of analysis is for information only and does not warrant any particular product properties. It does not release the receiver from performing an adequate inspection of incoming shipments and the obtaining of specialist advice before using the product. The certificate of analysis does not give rise to claims of third parties to which it is provided. In addition, the most recent version of our general business condition applies.
